

CONVERSATION STARTER:

Engaging New and Current Members as Participants and Contributors

You may want to print this page and bring it to your next leadership meeting!

How is our member engagement and participation as of today? Which members are more and less engaged? How are we gauging this?

What do we see as our biggest challenges and/or struggles in engaging our members? What challenges does our guild have that could be solved by the engagement of members?

What are we doing for our newest members now? Which activities or outreach might work for us? Which ones do we want to try first?

What are we doing for our most experienced and veteran members now? How might we further engage them? Would any of the options here be relevant in our situation?

In which areas do we still have concerns or unanswered questions? What issues might we bring to the larger MQG community for further ideas?
